

**You are invited to attend the
Lane Plating Works Inc. Superfund Site
Virtual Community Meeting
January 28, 2021**

The **U.S. Environmental Protection Agency (EPA)**, in cooperation with the **Lane Plating Community Advisory Group (LP CAG)**, will hold a virtual community meeting and site status update for the Lane Plating Works Inc. site (Site). As we navigate our way through this unique time, the health and safety of our staff, contractors, and the communities we serve is our top priority. As a result, EPA and its Superfund Site teams are conducting virtual meetings in lieu of in-person public meeting events to reflect current COVID-19 guidance from federal, state, tribal, and local officials to discourage gatherings of more than 10 people at a time.

During the virtual public meeting, EPA staff and the LP CAG will provide information and update the public about the status of the Site with a presentation on Site documents that include the Ecological Risk Assessment, Human Health Risk Assessment, and the Remedial Investigation. This will be followed up with a question and answer session. Attached to this notice, you will find fact sheets that summarize each document.

The virtual meeting will be held online and/or over the phone via Microsoft Teams Video and Call Conferencing on:

**Thursday, January 28, 2021
6:30 p.m. – 8:30 p.m.**

There are two ways to attend the virtual meeting:

1. **Visit EPA's website:** <https://www.epa.gov/superfund/lane-plating-works>

Click on this link: [Click here to join the meeting](#)

When the Teams page launches, select "Use Teams on Microsoft Edge" and follow the instructions. Alternatively, you can download the Microsoft Teams app to your desktop computer or mobile device prior to the meeting.

2. **Call in** using this phone number and Conference ID (Audio only):

☒ Phone number: (844) 608-7693

☒ Conference ID: 212 910 177#

If you have any problems joining by phone or online on the day of the meeting, please contact Jeff Criner at (713) 444-4410 for immediate assistance.

Should you have any specific needs or questions about the online virtual meeting, please contact Ed Mekeel, Senior Community Involvement Coordinator, at (214) 665-2252 or mekeel.edward@epa.gov.

Any resident living in the immediate impact area is eligible to serve on the Community Advisory Group. For more information about the Lane Plating Community Advisory Group, please visit: <https://www.facebook.com/lpcag>, or email LanePlatingCAG@gmail.com.
